Dear Medway Council,

Hello, I'm writing to ask about some changes that could be made around Chatham Waters.

Gillingham Gate Junction Improvements:

1. Building a Bridge or Underpass: Do you have any plans or have you thought about building a pedestrian bridge or underpass at Gillingham Gate Junction (Chatham Waters)?
2. Better Crossing Markings: Also, have there been any ideas or actions to make the crossing markings safer at this junction?

Problems at Gillingham Gate Junction:

- The way people cross here is too complicated and confusing.
- The islands where pedestrians wait are too small.
- There's not much protection from cars, making it dangerous.
- The road markings are hard to see, making it tough to know where to cross.

Subway Underpasses from Chatham Waters to Medway Road (B2004):

Are there any plans to build subway underpasses from Chatham Waters all the way to Medway Road (B2004)? This could really help with safety and make it easier for people to walk around. If not, could this be looked at for future projects?

Thanks for looking into this. I hope to hear from you soon.

Best wishes,
Dave Aubnoy
